DIXON STARS TRIM FOREST CITY LADS

STARS GARNERED ONLY HALF THE HITS SECURED BY ATHLETICS.

THE BROWNS SPLIT EVEN

Dixon Team Won Sunday From Sterling, But Their Luck Was Changed Yesterday.

The Dixon Stars gave a very good demonstration of the requirements of a ball team which desires to win the title of "Hitless Runners" Sunday afternoon, when they defeated the fast Rockford Athletics with just one-half the number of hits the visitors had. Three hits in the second inning, one of them a two sacker by Joe Keenan, put three runs across and that was all of Dixon's scoring, but it was enough, for War Horse Bob Woodyatt, while he yielded more hits than his pitching rival, kept them scattered to such an extent that Rockford could accumulate but two scores, and they came once at a time.

Dixon's three runs, as previously told the anxious reader, were made in the second stanza. Larkins and Heft started that auspicious occasion with clean singles and Chet Whitebread's out short to first advanced them. Erickson booted on Smith's attempted hit, allowing Larkin to score and at this stage Joe Keenan, uncorked his two bagger, driving Smith and Heft home. Great rejoicing on the part of the fans.

The visitors got one in the sixth when Pitcher Meyers lifted one over the fence for a home run and in the eighth a couple of long flies and two hits allowed them one more. The score:

LUTZ WILL DENIED THE SECOND TIME

JUDGE SCOTT AGAIN REFUSES TO ALLOW PROBATION OF WILL.

Judge R. H. Scott in the county court yesterday denied for a second time the will of the late John A. Lutz for probate and as a result the peculiar case will doubtless be carried to the appellate court by Attorney Geo. C. Dixon, guardian ad litem for the 23 grandchildren who are cut off from any share in the big estate by the refusal of the court to allow the will to be probated.

The case which has attracted much interest in legal circles because there is not a similar case on record in the courts of this state, will furnish material for an interesting opinion by the higher courts, which will establish a precedent in the state. The refusal of witnesses to Mr. Lutz will to testify their belief that he was of sound mind and memory when he signed the document was the reason for Judge Scott refusing the will for probate.

Split at Sterling.

Labor day must have been a happy occasion for the Sterling West Ends and their friends, for after losing their sixth straight game to the Dixon Browns Sunday they came back yesterday and won from Dixon, 13 to 8. The Sunday game was the one of most interest in that both teams uncorked some bad baseball on the holiday attraction.

The Browns drove Mynard, West End box artist, to the tall timber in Sunday's game and also gave C. Keenan, 3b ss, a warm reception as he stepped to the slab, while Carp Huber established the unique record of giving 11 bases on balls and hitting two men, and then getting away with his game. Bright support saved the little Dixon pitcher when he got into trouble during the end of the game, the West Ends being retired three times with the bases all populated. The score:

THIRD ANNUAL CLAM BAKE WAS BEST EVER

ABOUT TWO THOUSAND MEN ENJOYED LABOR DAY ON THE ISLAND.

ELKS JOURNEY FROM AFAR

Delegations Came From Many Distant Cities, for Fame of the Bake Has Spread.

The Dixon Elks' third annual clam bake, held yesterday on Watson's island, was even more successful than the most sanguine of the promoters had hoped. Nearly 2,000 men from Dixon and this section of the state attending and enjoying the big entertainment. There were Elks here from Rockford, Freeport, LaSalle, Ottawa, Aurora, DeKalb, Rochelle, Sterling, Moline, Rock Island, Cedar Rapids and Chicago.

Early in the morning the pleasure seekers began to arrive and while the committees were working hard getting the food and refreshments ready the men were entertained with music by the Marquette orchestra, vaudeville and male quartet music, while various games were also well patronized.

At noon the big dinner was served, and as is always the case with the Elks, every promise was fulfilled, although the unexpectedly large crowd resulted in one or two unavoidable delays in the service. The clams and chowder were excellent and the manner in which the fried chicken, sweet corn, potatoes, etc., were consumed attested the fact that they also were well prepared.

In the afternoon a crowd of Rockford Elks put on an impromptu entertainment which pleased greatly, and Tonnerman and Beall gave a great wrestling exhibition. These mat artists are remarkably well matched and their work of yesterday was on a par with that of a year ago, although the excessive heat of the sun beating on the white canvas rendered the work extremely difficult. Tonnerman won the match in straight falls, but only after an hour's wrestling each time. J. J. Clancy refereed the bout.

After the wrestling match the crowd began to disperse and by 6 o'clock the island was practically clear of pleasure seekers. Much credit is due the committees who worked so hard to make the clam bake a success. The service, which was enormous, was well handled, and that the entire day passed without a bit of disorder is another praiseworthy detail.

NEAR DEATH IN AUTO ON SUNDAY EVENING

OREGON CAR SMASHED INTO SIDE OF BRIDGE AT THE FRANKLIN CREEK.

Messrs. ae and Daily or Oregon and Ashton, together with two lady friends, were close to death Sunday evening when the Rae machine, a big 50 h. p. Staver, was wrecked on the bridge west of Franklin Grove about 10 o'clock.

The party was going east and the driver, young Rae, attempted to make a short turn where the bridge and 8 turn is over Franklin creek. He failed to negotiate the turn and his machine skidded and crashed into the side of the iron bridge, which was all that prevented them from going down a 20-foot embankment. The car was quite badly damaged, but the occupants were unhurt.

SUGGESTS CHANGES IN NEW BIRD LAWS

SHERIFF REID WRITES SECRETARY OF AGRICULTURE OF HARM LAW WILL DO.

Sheriff Reid, acting for the local sportsmen and farmers who do not believe the proposed migratory bird law will be of benefit, has written the secretary of agriculture protesting against the adoption of the regulations and asking that he study the matter thoroughly. In this vicinity before attempting to adopt the entire list. Under the proposed act the hunting of all migratory birds will be prevented in all parts of the United States at all times except a few weeks in the fall.

Mr. Reid points out in his letter that the enforcement of such provisions would do much damage to the winter wheat in this state and neighborhood and suggests that territory between the 36th and 45th parallels be exempt from the provisions.

FAIRVIEW BOY IS AGAIN ARRESTED

GILBERT MITCHELL, TAKEN INTO CUSTODY ON ADVICE OF HIS FATHER.

Acting on the request of the boy's father, County Probation Officer W. H. Winn yesterday ordered that Gilbert Mitchell, the Fairview young man who was released on parole after being found guilty of forging a check on Joseph Arrigo, be taken into custody and arraigned before the circuit court at the coming term. It is understood the boy's father is not satisfied with the manner he has been living at Galesburg and accordingly Sheriff Reid was ordered to take him into custody. The sheriff returned this morning with the young fellow.

The exact hour of their arrival has not been determined, an effort being made doubtless to shield the men from the gaze of the curious. Warden Allen and Guard Keegan, the latter the supervisor of the crew, will be with the men and they will be taken to their camp near Grand Detour and as soon as possible after their arrival in this city.

LICENSED TO WED

OVER 500 ENJOYED METHODIST PICNIC

SPORTS PROGRAM IN THE AFTERNOON WAS VERY BIG ATTRACTION

WAGON LOAD OF WATER MELONS

Over 500 Ate Dinner in Park and Many More Arrived Later in the Day.

Over 500 ate dinner at the Methodist picnic at Assembly park yesterday. A large crowd came after dinner, so the crowd for the day reached the expectations of those in charge.

The program began with a ball game between the boys of the Sunday school at 11. Dinner was served soon after noon and immediately the various foot races and athletic contests began under the direction of Secy. E. T. Bailey of the Y. M. C. A.

The exciting events of the contest was the tug of war with the men of Ahrens class on one end of the rope and a combination of other classes against them. After a long pull the Ahrens men reached the goal.

The concert by the Marine band was one of the most attractive events of the day and the music was greatly enjoyed.

The ball game between the classes taught by Mr. Ahrens and Mr. Stone followed. It began as a seven inning game and at the conclusion of the seventh inning the score was tied. Excitement ran high during the first half of the seventh as Mr. Stone's class went down one, two, three. The first man to bat for the Ahrens class was Dr. Stevenson. Much to the delight of the crowd he made his third home run for the day and closed the game with the class one score ahead and nobody out.

At the conclusion of the ball game C. V. Chapman drove an auto truck to the ball grounds loaded with watermelons and the next half hour was occupied in carving and eating them. Several present, both young and old, are entitled to honorable mention as having distinguished themselves as melon eaters. Space forbids the mention of the names.

Next Sunday was announced as rally day, but owing to the heat it will be postponed until a week later.

TO BAR CESSPOOLS ON PAVED STREETS

CITY COUNCIL CONSIDERS STRINGENT MEASURES TO GET DESIRED RESULTS.

WEST THIRD STREET AFFECTED

Property Owners There Disregard Council's Request Concerning the Work.

WHAT THE COUNCIL DID.

Considered anti-cesspool ordinance for streets in which there is sewer, to compel property owners to connect properties with sewer and water before pavement is constructed on those streets.

Passed semi-monthly bills amounting to \$2,561.51.

Appointed Miss Katherine McGrail deputy city treasurer during the absence of Treasurer C. E. Chandler.

The commissioners of the city of Dixon at their first "daylight" meeting, which was held this morning, considered stringent measures to compel property owners to install sewer and water connections to the curb lines in streets about to be paved. The discussion started when it was pointed out that but few of the property owners on Third street had arranged to have sewer and water carried to the curb lines before that street is paved, on which improvement work has been started.

Inasmuch as the council has by resolution asked that the laterals be put in before the asphalt-filled pavement is built, and but little attention has been paid to the request, the commissioners practically decided this morning that if necessary an ordinance preventing cesspools on any street in which there is a sewer will be passed and enforced as a measure of the health department.

Passed Bills.
The bills for August, including the semi-monthly labor bills, were ordered paid by the council, the total being \$2,561.51.

Because of the sudden illness of City Treasurer C. E. Chandler, making it impossible for him to attend to the duties of his office, the council this morning appointed Miss Katherine McGrail treasurer to attend to the duties of that office during Mr. Chandler's illness.

SON BORN.
On the 25th a son was born to Mr. and Mrs. Glenn Wahl. Mrs. Wahl will be remembered as Miss Zoe Halstead.

A REMARKABLE LETTER OF 1874

In the July number of the Journal, like General Taylor, al of the Illinois Historical Society General Scott, Albert Sidney Johnson is a letter written from Paris by E. B. Washburne, Colonel Baker, B. Washburne to our early neighbor, Robert Anderson, Abraham Lincoln, John Dixon. Both men will be remembered by our old citizens, as 15, 1874, and is long, occupying over twelve pages of the magazine.

Washburne was evidently in a pensive mood, for he goes back and calls up in a kindly way the almost forgotten lawyers, judges and pioneers, who were known to both in the early days of Illinois. The tone is tender.

Who were these men? From both had passed through many trying experiences, and were now looking member of congress from this disling towards the coming sunset of life, and spoke at political meetings life.

MORE TROOPS FOR BORDER

United States Cavalry Ordered From Virginia—Dr. W. B. Hale, Wilson's Envoy, Due in Washington Today or Wednesday.

Los Angeles, Cal., Sept. 2.—Sixty American refugees have arrived here from Mexico. They were brought north from Guaymas and vicinity by the United States cruiser Pittsburgh. All tell stories of terrible sufferings at the hands of Mexican rebel and federal troops.

T. L. Findley, on his way to his home in El Paso, Tex., declared that a number of Americans had been killed by bandits while attempting to reach the coast from Durango, which was captured by insurgents. He came north on the steamer Benito Juarez.

Leon H. Morrison, whose detention by federalists at Guaymas led to American state department action, arrived on the Pittsburgh. He lives here.

Tells of Durango Raid.

San Diego, Cal., Sept. 2.—Still suffering from the effects of a bayonet wound, received at the hands of an intoxicated rebel while lying sick in bed at his home in Durango, T. L. Findley of El Paso, Tex., arrived from northern Mexico on the steamship Benito Juarez. Findley gave a graphic description of the raid on the city of Durango by a band of 6,000 rebels.

"There was a colony of about 150 Americans in Durango at that time," said Findley, "and they suffered like the rest—all their money, watches and jewelry being taken from them. The rebels did not even respect the United States consulate. They entered Consul Ham's residence and forcibly took possession of all his arms and ammunition, although they did not molest his personal belongings.

"Immediately following this raiding of Durango a number of Americans left for Mazatlan by way of a mountain and never again were heard of. The supposition is that they fell into the hands of the bandits and were murdered."

C. K. Sigella, another American refugee, corroborated the story told by Findley.

Troops Ordered to Border.

Chattanooga, Tenn., Sept. 2.—The Eleventh United States cavalry, at present engaged in maneuvers at Winchester, Va., has been ordered to proceed to the Mexican border, according to apparently authentic reports here. It is said that orders also were received directing that all prisoners be released from the guardhouse at Fort Oglethorpe, excepting such as are serving sentences of a general court-martial, and directing that they proceed at once to Winchester and join their commands.

City of Mexico, Sept. 2.—Many Americans who are heeding President Wilson's warning to leave Mexico are indignant over the class of transportation offered. Telegrams from Vera Cruz and Tampico indicate that the only passage the consuls are authorized to provide is "steerage," or the lowest price ticket available. Some Americans who proceeded to seaports refused to accept transportation home, saying they preferred to take their chances in Mexico "to be herded in the steerage."

Lind Awaits Expected Change.

Washington, Sept. 2.—Secretary Bryan remained at the state department for news from Mexico. When he started for Maryland to lecture at night he declared the only messages that came related to the movements of American citizens in the southern republic.

It was said, however, that John Lind would remain in Vera Cruz indefinitely; that he was not contemplating any immediate move, and merely was waiting for a change in the situation which would not be instigated by him or by any move from Washington. What this change might be was not disclosed, but Senator Bacon said the president's advice to Americans to flee Mexico was not given with any intimation that it might

THE PROOF THAT DIXON READERS CANNOT DENY

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. J. Helfrich, R. F. D. No. 4, Dixon, Ill., says: "While I have never taken Doan's Kidney Pills myself, I can strongly recommend them, and I am glad to confirm the public statement one of my family gave in their praise some years ago. For a long time he suffered from irregular action of his kidneys. He also had backache and found relief only when he used Doan's Kidney Pills, that he got at Leake Bros. Co.'s Drug Store. They stopped the pain and restored his kidneys to a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

When you feel discouraged and all the world seems to be against you—that's your system's way of telling you that something is wrong and needs help.

MEDICAL TALKS

By Dr. Frizelle

MORAL DRAWN FROM STORIES OF MR. J. S.

The Public is Not Competent to Judge the Value or Worthlessness of Medicines or Physicians.

No person, though he be himself a physician, is competent without very intimate acquaintance, to judge of the qualifications and ability of another physician.

A registered, located physician can be depended upon in the great majority of cases. Some men and women, sane in other respects, insist that the practice of medicine should be free to all. "Let competition eliminate the unfit," they say. But, think of the innocent persons who have to take the chance of being treated by these unlearned quacks, and having their health ruined and all the possibility of losing life itself. All we, as physicians, ask is that the laws be enforced so that no one shall be allowed to treat the sick who has not had sufficient study and training to qualify himself to diagnose a case properly. That was what made the treatment I gave Mr. S. J. so effective when the others had failed.

Grown men and women ought to know enough not to take anything harmful, but rules for well people are not rules for sick people. A sick man is in no condition to prescribe a remedy for anybody, least of all, himself. This is why doctors rarely treat themselves or their own families. I have the name of the Rochelle physician written in my note book, who I wish to have called if I should accidentally be injured or if taken ill suddenly. I hope it will not be necessary.

I haven't the least doubt that thousands are kept ill by constant use of patent medicines. Thousands are made ill by reading their literature. A sick man ought never to diagnose his own ailment, prescribe for himself, or permit a patent medicine advertisement to prescribe for him. We believe that a sick man ought to consult a physician. Physicians are prescribing more than medicine nowadays. They give as little medicine as possible, and discontinue their medicines as soon as possible. A good physician is the cheapest and best investment for a sick man.

The idea conveyed by the Quacks, Physical Cultivators, Neopaths (so-called) Doctors and others of this class, that the scientific medical profession treats by drugs alone, is utterly false. There is not an agency in the world, material or immaterial, that is not used by the regular profession in treating diseases. Regulation of the diet, the nutritional and curative value of food, etc., are only understood and employed by the regular medical profession. We must not forget the Christian Scientist, Medical Healers, Chiropractors, Absent Treatment and other Quacks. The greater part of their claims is impudent fraud. While they may do some good in the treatment of some cases, the money temptation to treat cases wholly outside the field each is competent to treat, tends to make these "drugless doctors" degenerate into bamboozlers.

The various Quack institutes, Consumption and Cancer Specialists, Lost Manhood Professors, etc. should be treated as bunco steers or hold-up men. They are worse than common thieves. These cruel vultures, without a trace of conscience, prey upon the helpless, weak and sick.

Consultation is Free.

Doings

Surely Labor day is great stuff, and we'll wager a substantial bet that some people around this burg are wishing today that they had "labored" yesterday rather than celebrate the great holiday.

And then imagine the joy with the average school kid greeted the day. Just as he was commencing to enjoy his vacation duty calls.

Nothing doing in the "ritstful holiday" line now until Turkey day, the mere mention of which makes us hungry for the national fowl, despite the fact that we were filled to the "gunwells" yesterday with mighty flat clam chowder, sweet corn, etc.

Girls Failed to Show.
The College Bloomer girls, advertised to meet the Stars here Saturday afternoon, failed to show up for the game, to the great anger of Manager Whitebread, who is "stuck" for the advertising costs. The Stars appeared neatly dressed, and with polished soles, waiting to entertain the young ladies, but were left "waiting at the church."

FAMILY THEATRE
The theatre goes of the Stars were treated to an excellent bill at the Family last night, The Empire State Quartet, consisting of clever comedians whose harmony and solo singings was of a high order, took the house by storm. The dainty Keough Sisters in songs and dances were highly appreciated and received many encores. The pictures tonight:

Warren Kerrigan, the popular photo-play star, will be pictured in The Scapegoat at the Princess theatre on Wednesday night. This popular magazine story by Wm. Hamilton Osborne in which the ambition to acquire success and wealth without regard to honesty has led to temptation and ruin. Two bank clerks, who love the same girl, are using the bank's funds and when Jasper discovers John in the act John is sentenced to five years of penal servitude. In the remainder of the story we see how John vindicates himself.

MAY CELEBRATE NEW
BOULEVARD LIGHTS

SUGGESTION THAT PUBLIC
EDUCATION EXERCISES
BE HELD.

A timely suggestion has been made that Dixon's ornamental street lights which will be ready for service the first of next week, be dedicated with some ceremonies in which the public may take an interest, and as a result a movement is on foot to prepare for an evening's entertainment on the night the lights of the "White Way" will be first turned on.
It is proposed to engage the band for a concert at the time, preferably some evening the middle of the week and have a few speeches by prominent business men and the city officials as a mark of thanks for Messrs. Durkes, Martin, Howell, Armington and the others who have worked so hard to secure this ornamental system. Further announcements of the plan will be made later.

On moving into a new neighborhood the small boy of the family was cautioned not to fight with his friends. One day Tommy came home with a black eye and bespattered with mud.
"Why, Tommy?" said his mother, "didn't I tell you not to fight until you had counted one hundred?"
"Yes, you did," sniffled Tommy, "and look what Willie Smith did while I was counting." — Ladies' Home Journal.

Almost Nubile Age.
The family had called the other evening. One of them, a man approaching if not actually entering middle age, hero of many a social season but still eligible, amused himself by chaffing the ten-year-old daughter of the house. It appeared that the children had missed seeing the Fourth of July fireworks in the park, by reason of the weather's inclement appearance on that evening, to their great and fully-expressed disappointment then and thereafter. "Never mind, Martha," said the giddy bachelor, "I'll make an engagement right now to take you to see the fireworks next Fourth." The ten-year-old eyed him unsmilingly. Her face was grave with the shrewdness of generation on generation of calculating females. "Well," she said, "I guess I'll be old enough by then."

Tree Named for Dead Man Died.

A very young, very red-headed, very domineering school principal once squelched all the Arbor day enthusiasm out of the girls of the fifth grade. Each grade was to vote on names for a certain number of trees to be set in the school yard. The fifth grade girls were enthusiastic over the "Elsie Dinmore" books, so they unanimously chose Martha Tinley. That wasn't classical enough for the professor, so he rechristened it Wordsworth. The tree died, and the girls were sure it was because it was named for a dead man.

How Coal is Wasted.

Not only the mine owner and his employe are censurable for waste, writes Francis S. Peabody in Coal Age. It has been estimated that the railroads, the largest consumers of coal, utilize less than 50 per cent. of the heat in the coal which they burn under their locomotives. If 60 per cent. is wasted by the operator, and 60 per cent. of that is lost by the railroads, only 30 per cent. is actually utilized and 70 per cent. is wasted, and not the railroads only, but all consumers are equally wasteful.

Could Hardly Care for Children — Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N. Y. — "For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."

CONVICTS ON THE ROADS

The plan of employing convicts in road making seems likely to become very general among the states. It used to be regarded as an experiment fraught with so many difficulties as to make it of doubtful practicability. But that stage has been passed and it has been demonstrated that the prisoners can thus be employed with profit to both themselves and the public. State after state is falling in line, after noting the results accomplished by others. Kentucky's road commissioner, for example, has looked over the field, and recommended that his state start its able-bodied, short-term convicts to work in this way, confident of making a success. Alabama's highway commissioner declares that properly managed convict labor on the roads is more effective than paid labor and that it costs 40 to 65 cents a day. Georgia employs 5,000 convicts on the roads at a cost of one-half that of paid labor. California has started out with the system and is pleased with it. Colorado, as is well known, has built more than one hundred miles of road the past year at a cost of 32 cents a day per man. Kansas is also trying it with good results, and Louisiana built twenty-five miles of hard roads last year at an expense of 40 cents a day per

man. Michigan, Minnesota and Montana are other states that employ prison labor in the same way with success. North Carolina has 2,300 convicts making roads at a cost of 42 to 72 cents a day. The success of New Jersey in the same way has been noted, while Oregon, Virginia, and Washington are making efforts in the same way with good results.

The St. Louis-Globe Democrat says of what is doing in Missouri:

Cole County, Mo., has had from twenty to forty convicts at work on roads and the state highway engineer testifies that the work, at a daily cost of 40 cents, is equal to that of free labor. The movement is growing. In every case the sanitary benefit to the men is stated to be marked and discipline is easily enforced. This resource for getting good roads has become one of the most important.

Illinois at present has a considerable number of convicts employed in crushing stone for hard road construction, but under the new law we may look for a great enlargement of short term men in the same behalf.

A most encouraging feature of the case is that the health, morals and contentment of the convicts are much improved under this class of work. It seems to afford a solution

RIOTS IN DUBLIN INJURE HUNDREDS

Police Charge Strikers During
 Labor Parade and Fights
 Follow.

TROOPS DISPERSE BIG MOB

Soldiers Restore Order Shortly Be-
 fore Midnight in Part of the
 City—One Death Reported
 As Result of Battle.

Dublin, Sept. 1.—Fierce rioting in
 connection with the tramway strike
 was renewed Sunday. Hundreds of
 persons, some reports say 500, includ-
 ing 30 constables, were injured. On
 Saturday sixty or more persons were
 hurt. All the hospitals are so crowded
 that many serious cases had to be sent
 to their homes for treatment.

Soldiers were sent into the Inchicore
 district of the city last night and by
 11 o'clock had dispersed the rioters.
 One death has resulted from the
 trouble, a man dying of injuries re-
 ceived in Saturday's riots. The union
 will give him a public funeral and
 further trouble is feared then.

The strike committee, in the inter-
 est of peace, had rescheduled early in
 the morning the proposed mass meet-
 ing in O'Connell street, and had sub-
 stituted a parade from Beresford
 place to Croynon park, at Fairview.
 The authorities meanwhile had pro-
 hibited the mass meeting.

Meeting Without Disorder.
 Croynon park belongs to the Trans-
 port Workers' union, and a meeting
 was held there without disorder.
 But on the return march attempts
 of the police to disperse the constanly
 growing crowds by baton charges
 led at once to rioting.

The mob was further licensed by
 the arrest of one of the strike lead-
 ers, James Larkin, against whom a
 warrant had been out for twenty-four
 hours. Larkin was on the balcony of
 a hotel in Sackville street. He was
 wearing a disguise for the purpose of
 eluding arrest, but an enthusiastic ad-
 mirer raised the cry, "Three cheers
 for Larkin." The police immediately
 pounced upon him and violent scenes
 ensued.

Police Under Probe.
 The rioting became general in va-
 rious parts of the city. The police
 charged repeatedly with their sticks,
 and this led to pitched battles.
 Stones, brickbats and bottles were
 hurled by the infuriated rioters, and
 the streets were soon covered with
 prostrate forms. More than fifty ar-
 rests were made.

The train service is completely sus-
 pended. The exact number of injured
 is not known, but including the Sat-
 urday victims, it is believed it will
 reach 400.

The lord mayor announces his in-
 tention of demanding a public in-
 quiry into the conduct of the police
 during the strike riots, and will send
 law officers of the corporation to at-
 tend the inquests over the two men
 who have died from their injuries.

WILSON HEARS SCHOOL HEAD

President and Family Attend Services
 at Cornish Church.

Cornish, N. H., Sept. 1.—President
 Wilson and his family motored sev-
 eral miles from here to attend church
 services. The church was decorated
 with American flags. Except for the
 usual prayer for the president of the
 United States, however, there was no
 reference in the sermon to the distin-
 guished visitors. The president ex-
 pects to play golf on the Dartmouth
 links at Hanover, N. H. The president
 has been receiving long code messages
 from the White House on the Mexican
 situation, but no announcements have
 been made at the summer capital of
 any change in the situation.

ANDERSON WINNER OF RACE

Stutz Car Driven at an Average of 71.5
 Miles at Elgin, Ill.

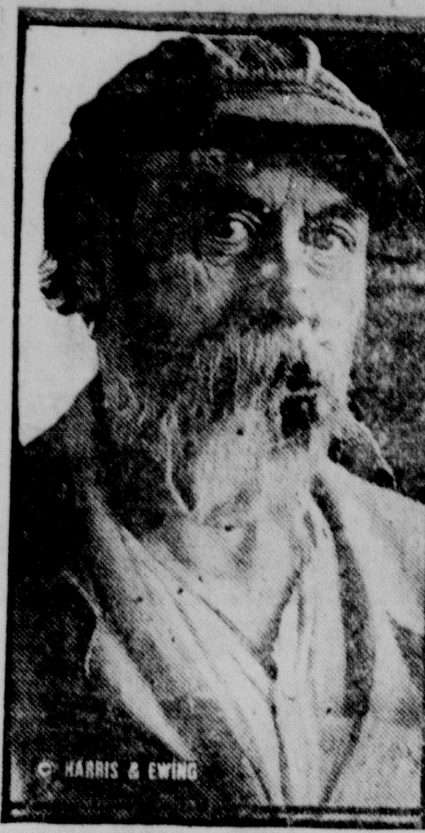

Elgin, Ill., Sept. 1.—"Gil" Anderson,
 who has been knocking at the doors of
 the automobile hall of fame since 1909,
 finally burst open the portals when he
 won the race for the Elgin national
 trophy over the Elgin road race course,
 traveling the 305 miles in a Stutz car
 in 4:13:38 57-100. He averaged 71.5
 miles an hour.

Ralph Mulford took second place in
 a Mason, and Spencer Wishart in his
 Mercer took third.
 Harry Grant, in an Isotta, the only
 foreign built car in the race, finished
 in fourth place, and Ralph De Palma
 was fifth. These places netted them
 nothing but honor.

Bill Endicott and Dawson were still
 on the track when the race was de-
 clared finished.

The maharajah ruled over a terri-
 tory of about 1,507 miles, with a popu-
 lation of 600,000.

CARL BROWNE

Carl Browne has appeared again in
 Washington. This time he did not ar-
 rive at the head of Coxey's army as
 he did years ago, but has invaded the
 capital with a new kind of aeroplane,
 which he says will make aerial travel
 safe.

OWEN ATTACKS BIG BANKS

Charges Interests Are Trying to Kill Currency Bill.

Washington, Sept. 2.—In an official statement issued last night, Senator Owen, chairman of the committee on banking and currency, boldly charges that the National City bank of New York is conducting a propaganda in an attempt to discredit the administration and make it appear that in framing currency legislation the banking interests of the country have not been consulted.

Reciting at length the information in the hands of the committees of the two houses of congress and the numerous interviews and conferences that have been held with representative bankers and financiers, Senator Owen says the business men of the country need have no fear that congress will act unadvisedly.
